### **DETAILED ACTION**

This action is a response to applicants' Response to Election of Species requirement and the amendment filed November 11, 2004.

Applicant's election with traverse of Figure 1 species in the reply filed on November 11, 2004 is acknowledged. The traversal is on the ground(s) that figure 3 species . This is not found persuasive because figure 4 wherein first and second members combine to form a plug is clearly patentable distinct species from that of figure 1. Claims 13-14 depend on claim 10 directed to figure 4. The argument directed to figure 3 is moot since claims directed to that figure have been considered.

The requirement is still deemed proper and is therefore made FINAL.

#### ***Allowable Subject Matter***

Claims 1-9 are allowable over the art of record.

This application is in condition for allowance except for the presence of claims 10-22 to an invention non-elected with traverse in the reply filed on November 11, 2004. Applicant is given ONE MONTH or THIRTY DAYS from the date of this letter, whichever is longer, to cancel the noted claims or take other appropriate action (37 CFR 1.144). Failure to take action during this period will be treated as authorization to cancel the noted claims by Examiner's Amendment and pass the case to issue. Extensions of time under 37 CFR 1.136(a) will not be permitted since this application will be passed to issue.

The prosecution of this case is closed except for consideration of the above matter.
